***‘Quality is always a result of excellent work without compromise’***

**Since** one and half year we have been facing enormous challenges due to outbreak of Covid-19. As after every dark night, there is new dawn, same way, one of the worst years of this century draws towards an end. The economy is showing signs of revival and prospect of vaccine against Covid 19 pandemic offers great hope. The pandemic has taught us many great lessons. We have started using technology in a better way and also have understood our lives’ priorities— health, family, friends, gratitude and kindness for others. With this positive view in mind, let us hope that in 2021, we will leave the nightmare of Covid 19 behind and learn to live with a better “new normal”. Public and Private industries are trying their best to come out of this difficult phase with the spirit to overcome all the negative effects of the pandemic. Even in these adverse conditions, quest for innovation and improvement has not halted us from bringing quality . With this firm belief of bringing quality in every sphere , Quality Circle Forum of India, Delhi Chapter has been consistently putting efforts to encourage and motivate the work force by organizing seminars, workshops, and competitions, keeping all the safety norms in mind.

To further this motivation, we cordially invite you to CCQC 2021 to be held virtually by Jaipur Rajasthan Region with the theme
