

Profile

Mr A K Jain.

Mr Anil Kumar Jain is currently working as Technical Advisor in Solar Industries India limited Nagpur, a leading Explosive Manufacturing company of India.

He is BE (Chemical Engineering) first class with honours from NIT- Rourkela (Orissa) in year 1975 and a well-known professional in explosive Industry with 47 years' experience in Chemical and Explosive manufacturing companies. He has worked in five different well known explosives companies of India. He is an authority in operation and setting of green projects in explosive Industries. He has industrial experience in explosive sectors, manufacturing across-the-board products. He has an experience of transfer of technology from foreign countries in areas of explosives from Switzerland, USA, China , Sweden and Finland.

He is a compassionate and people-focused leader and professional manager. He is extremely creative and growth-oriented individual. He has an acumen of successfully running a manufacturing operation and continuously improving the productivity, quality, and safety standards.

Mr Jain is associated with QCFI from last 8years and had been the Chairman of QCFI Nagpur chapter.

When QCFI Nagpur Chapter was performing poorly and was almost certainly going to collapse Mr. Jain took over the chairmanship. Mr. Jain and his team completely revamped the Nagpur chapter.

Later, Mr. Jain was selected by QCFI India for the executive Board, and for the past three years, he is also serving as Director of QCFI India.

He is a spiritual person in his personal life. He is son of Late Prem Chand Jain and is 70 years old (DOB – Nov. 21, 1951). He is happily married to Ms Sudesh Jain and have two married sons who are also professional and doing well in their career.
