ABOUT THE THEME

“ Elevate efficiency through the power of ‘5S’ ”

The theme is apt as QCFI's main focus is 'people development' through training, mentorship, and implementation in offices and workplaces across organizations in the service, manufacturing, and government sectors. To thrive in this era of constant disruption and competition, companies must accelerate innovation and Kaizen, continuously delivering products and services with a customer-centric approach. Achieving this goal requires developing knowledge workers through ongoing training and practical application of 5S principles. This equips employees at all levels— from frontline workers to supervisors, management, and office staff—with the agility to enhance their effectiveness. 5S is indeed a synergistic force, akin to $(a+b)^2$ driving teamwork, fostering an ownership mindset, and empowering employees. The Indian industry is increasingly recognizing the full potential of 5S implementation and is now on an expedited path towards focused success. QCFI will endeavor to provide its best services in the mission of propagating and practicing 5S."
