TQM SUMMIT - 2025

THEME

"Innovations in TQM approaches and systems".

A lot of innovations are happening across the wide spectrum of industries in India for doing things differently, effectively and more productively. This is required for the leaders to really take initiative and keep on innovating and sharing such best practices for system improvements and people development. Such innovative work and management practices contribute to develop - Total Quality Management approaches. The required structured approaches are clearly visible in their PDCA (Plan- Do- Check-Act) thought-process which is judiciously implemented also. This Summit would invite leaders from all sectors and functions with their success stories through innovative improvement approaches and systems for cross learning and replication across the country.

WHO CAN ATTEND ?

Senior Leaders from industries/organizations from across all over the country are being invited to this summit with their TQM systems, innovations, success stories and thoughts ! Senior leaders from Production, Maintenance, Commercial, Logistics, Marketing, Finance, HR and EHS are expected to join with their breakthrough cases from their organizations !

ABOUT THE HOST CITY :

Udaipur is the historic capital of the kingdom of Mewar in the former Rajputana Agency. Udaipur is a popular tourist destination and is known for its history, culture, scenic locations and the Rajput-era palaces. It is popularly known as the "City of Lakes" because of its sophisticated lake system. It has seven lakes surrounding the city.

Besides lakes, Udaipur is also popular for its massive historic forts and palaces, museums, galleries, natural locations and gardens, architectural temples, as well as traditional fairs, festivals and structures.
