INVITATION

National Conclaves have always been an added attraction to QCFI fraternity in addition to National conventions. Yes, the time has come for the 11th National Conclave on 5S. This, much awaited event is being organised in one of the top developing cities of India, QCFI is organising **11th National Conclave on 5S (Workplace Management) on 14th June 2025** at Venue: **K.L.N. College of Engineering, Madurai**

Senior executives of 5S practising organisations from different sectors have been invited to share their experiences while Implementing and Sustaining 5S in their organisations. One may kindly recollect that the previous National Conclaves have received excellent responses across India. The Importance of 5S (Workplace Management) has been widely recognised by Public, Private, Health, Education, and other service sectors including some govt. sector and railways.

The Conclave will focus on the experience sharing, presentation of successful case studies, 5S implementation in certified units, implementation of 5S in different areas viz., home, schools, societies, villages and also display creative ideas, Kaizens done by the individuals.

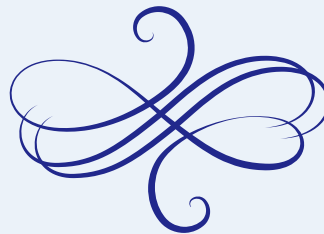

This Conclave will provide a good insight to various Industries/Educational and Health Sector Units, in developing the Implementation Strategy. Team QCFI welcomes all the Organisations/ Public / Private / Service sector Industries to participate and reap the benefits as "Take away from the Conclave". It would inspire Organisations and MSME's who have not had the opportunity so far, to take up 5S journey, to observe the Performance Excellence in all spheres of their activities.

We extend our cordial invitation to captains of Industries/Institutions and Quality fraternity to kindly take part and make the Conclave purposeful with grand success.

ABOUT THE THEME

“ A Global standard for value creation and performance enhancement ”

5S Workplace Management drives the people with willingness to take responsibility with an ownership mindset which makes them excel in their work. This is witnessed by the number of projects on '5S' as case studies being presented in NCQC and International Convention on Quality Control Circles.

"The 5S methodology is a globally recognized standard for improving organizational efficiency, safety, and overall performance. Originally developed in Japan as part of the Toyota Production System (TPS), 5S has become a cornerstone of lean manufacturing and continuous improvement efforts across industries worldwide. Its simplicity and effectiveness in streamlining operations make it as a valuable tool for companies aiming to boost productivity, reduce waste, and foster a culture of excellence. Despite its clear benefits, implementing 5S across an organization can come with challenges.

There is no doubt that the '5S' concept has given employees empowerment in planning & leadership skills through which many organizations who have implemented and certified as JUSE - QCFI for 5S are showing phenomenal results in Workplace management and performance value creation creating a competitive environment leading to global standards.
