QUALITY CIRCLE FORUM OF INDIA

Dear Quality Fraternity & Practitioners,

Quality Circle Forum of India – Bokaro Chapter has great pleasure in extending a warm invitation to all the Institutional, Life, Individual, and QC members to participate in the 34th Chapter Convention on Quality Concepts (CCQC - 2026). This mega event will be an excellent platform for presenting the best of the work done by various quality practicing organizations.

We extend our cordial invitation to individuals, captains of Industries/Institutions and QC fraternity to kindly take part and make the convention purposeful with grand success.

MK Dubey
Hony. Secretary,
QCFI, Bokaro Chapter

Theme of the Convention:

“Leading with Quality for Sustainable Growth and Self-Reliance”

The Core Message

This theme connects everyday quality tools to the biggest goals of modern organizations like long-term survival, environmental care and complete independence.

- **Leading with Quality:** Quality is no longer just a department or a checklist. It is a leadership mindset. Every operator, engineer, and employee becomes a leader when they refuse to accept defects and actively drive continuous improvement.
- **Sustainable Growth:** This means building a business that lasts without depleting resources. Quality Circles eliminate waste (of time, materials, and energy). Less waste directly results in a smaller carbon footprint and higher profitability.
- **Self-Reliance:** True independence comes from solving your own problems. By mastering root-cause analysis and localized innovations, teams reduce dependence on external vendors, cut import costs, and build bulletproof internal systems.
